

Automatic concrete block and paver making machine

SKU: B24-BRI-0004

Category: Brick Making Machinery

UNIT PRICE

\$2,860.00

SPECIFICATIONS

Lead Time (Days)	15
Quantity (Units)	1 - 3

DESCRIPTION

This automatic block-making machine produces hollow concrete blocks, solid bricks, and interlocking paving units from a single machine, making it a practical fit for block yards, precast operations, and on-site construction teams. The hydraulic pressing and vibration system delivers consistent compaction across each cycle, reducing reject rates on hollow and solid block runs. Minimum order quantity is one unit, with a lead time of approximately 15 days from order confirmation. Builders24 sells, distributes, provides customs clearance services and delivers to South Africa, Zambia, Angola, Zimbabwe, Mozambique, Botswana, DRC, Eswatini, Lesotho, Madagascar, Malawi, Mauritius, Namibia, Tanzania, Uganda, Nigeria, and Kenya.

KEY FEATURES

- This automatic block-making machine produces hollow concrete blocks, solid bricks, and interlocking paving units from a single machine, making it a practical fit for block yards, precast operations, and on-site construction teams.
