

Automatic concrete block making machine, 45-block capacity

SKU: B24-BRI-0005

Category: Brick Making Machinery

UNIT PRICE

\$663.00

SPECIFICATIONS

Lead Time (Days)	15
Quantity (Dozens)	1 - 1

DESCRIPTION

This block making machine produces hollow and solid concrete blocks, pavers, and cement bricks using a vibration-moulding process. Each cycle yields up to 45 blocks depending on mould configuration, covering standard hollow blocks, solid pavers, and interlocking units. The machine runs on an automatic cycle, reducing manual handling between batches. Lead time is 15 days from order confirmation, with a minimum order quantity of one unit. Builders24 sells, distributes, provides customs clearance services and delivers to South Africa, Zambia, Angola, Zimbabwe, Mozambique, Botswana, DRC, Eswatini, Lesotho, Madagascar, Malawi, Mauritius, Namibia, Tanzania, Uganda, Nigeria, and Kenya.

KEY FEATURES

- This block making machine produces hollow and solid concrete blocks, pavers, and cement bricks using a vibration-moulding process.
- Each cycle yields up to 45 blocks depending on mould configuration, covering standard hollow blocks, solid pavers, and interlocking units.
