DESCRIPTION

This mobile interlocking brick making machine operates on either 220V or 380V power, giving flexibility across different site supplies. It produces interlocking cement bricks without the need for mortar courses, which cuts material costs and speeds up wall construction. The manual operation keeps the unit mechanically simple and easy to maintain in the field. Available as a single-unit order with a 15-day lead time from confirmed purchase. Builders24 sells, distributes, provides customs clearance services and delivers to South Africa, Zambia, Angola, Zimbabwe, Mozambique, Botswana, DRC, Eswatini, Lesotho, Madagascar, Malawi, Mauritius, Namibia, Tanzania, Uganda, Nigeria, and Kenya.
