

Tracked self-loading concrete mixer, 750 kg, 300 L drum

SKU: B24-CON-0010

Category: Concrete Mixer Truck

UNIT PRICE

\$2,600.00

SPECIFICATIONS

Color	Yellow
Model	YH-750
Weight	774 kg
Warranty	1 Year
Net Weight	774kg
Power Type	Single-cylinder Air-cooled 4-stroke
Power Model	Bailitong 25T2
Tank Volume	300dm ³
Track Width	180mm
Chassis Width	850mm

DESCRIPTION

This tracked mixer runs on a 420cc Bailitong single-cylinder air-cooled 4-stroke engine producing 13.5 HP at 3600 rpm, driving a 300-litre drum with a 750 kg max load capacity. The rubber crawler chassis is 850 mm wide with 180 mm track width, letting it move across soft, sloped, or restricted sites where a wheeled mixer would struggle. Overall dimensions are 2500 × 900 × 1500 mm and the unit weighs 774 kg, so it can be transported on a standard flatbed. CE certified, with a machinery test report and video inspection provided; minimum order is one unit. Builders24 sells, distributes, provides customs clearance services and delivers to South Africa, Zambia, Angola, Zimbabwe, Mozambique, Botswana, DRC, Eswatini, Lesotho, Madagascar, Malawi, Mauritius, Namibia, Tanzania, Uganda, Nigeria, and Kenya.
