

Mini crawler excavator, 1.2–2 ton zero tail swing

SKU: B24-EXC-0002

Category: Excavators

UNIT PRICE

\$4,160.00

SPECIFICATIONS

Quantity (Sets)	1 - 5
Lead Time (Days)	5

DESCRIPTION

This zero tail swing mini excavator is built for confined work sites where a full-size machine can't manoeuvre — utility trenching, landscaping, and urban construction being typical applications. The crawler undercarriage provides stable footing on uneven ground, and the zero tail swing design keeps the counterweight within the machine's track width, reducing the risk of contact with walls or obstacles. CE and EPA certification confirms the engine meets emissions standards for international and African market use. MOQ is 1 unit, with a lead time of approximately 5 days. Builders24 sells, distributes, provides customs clearance services and delivers to South Africa, Zambia, Angola, Zimbabwe, Mozambique, Botswana, DRC, Eswatini, Lesotho, Madagascar, Malawi, Mauritius, Namibia, Tanzania, Uganda, Nigeria, and Kenya.

KEY FEATURES

- This zero tail swing mini excavator is built for confined work sites where a full-size machine can't manoeuvre — utility trenching, landscaping, and urban construction being typical applications.
