SKU: B24-LIG-0001

Category: Light Towers

UNIT PRICE

\$1,430.00

SPECIFICATIONS

Quantity (Sets)	1 - 1
Lead Time (Days)	5

DESCRIPTION

This light tower runs four 1000W LED flood heads on a pneumatic or manual mast that extends from 5m to 9m, covering large working areas in a single placement. The unit is IP67-rated, meaning the electrics hold up to dust and direct water exposure in open-site conditions. It ships with a diesel generator integrated into the trailer-mounted base, so no external power source is needed on site. Minimum order is one unit with a five-day lead time from order confirmation. Builders24 sells, distributes, provides customs clearance services and delivers to South Africa, Zambia, Angola, Zimbabwe, Mozambique, Botswana, DRC, Eswatini, Lesotho, Madagascar, Malawi, Mauritius, Namibia, Tanzania, Uganda, Nigeria, and Kenya.
