

Diesel mini wheel loader with pallet fork attachment

SKU: B24-LOA-0001

Category: Loaders

UNIT PRICE

\$4,160.00

SPECIFICATIONS

Quantity (Sets)	1 - 1
Lead Time (Days)	15

DESCRIPTION

This articulated mini wheel loader runs on a diesel engine and ships with a pallet fork attachment, making it practical for material handling on tight job sites, small construction projects, and agricultural operations. The front-end loader configuration gives good visibility and reach for loading and stacking tasks where a full-size machine won't fit. Minimum order is one unit, with a lead time of 15 days from a Chinese manufacturer. Buyers sourcing through Builders24 should confirm rated load capacity and engine output to match their specific site requirements. Builders24 sells, distributes, provides customs clearance services and delivers to South Africa, Zambia, Angola, Zimbabwe, Mozambique, Botswana, DRC, Eswatini, Lesotho, Madagascar, Malawi, Mauritius, Namibia, Tanzania, Uganda, Nigeria, and Kenya.

KEY FEATURES

- This articulated mini wheel loader runs on a diesel engine and ships with a pallet fork attachment, making it practical for material handling on tight job sites, small construction projects, and agricultural operations.
