

PA nylon tube extrusion line (PA 6, 66 and 12)

SKU: B24-PIP-0005

Category: Pipe Making Machinery

UNIT PRICE

\$24,050.00

SPECIFICATIONS

Quantity (Sets)	1 - 1
Lead Time (Days)	30

DESCRIPTION

This extrusion line processes polyamide grades PA 6, PA 66, and PA 12 into finished nylon tubing, covering the full production sequence from material feed through to haul-off and cutting. Nylon tube is widely used in pneumatic systems, fuel lines, hydraulic applications, and cable protection where flexibility and chemical resistance matter. Units are supplied as a single set with a 30-day lead time from order confirmation, making delivery scheduling straightforward for project procurement. Builders24 sells, distributes, provides customs clearance services and delivers to South Africa, Zambia, Angola, Zimbabwe, Mozambique, Botswana, DRC, Eswatini, Lesotho, Madagascar, Malawi, Mauritius, Namibia, Tanzania, Uganda, Nigeria, and Kenya.

KEY FEATURES

- This extrusion line processes polyamide grades PA 6, PA 66, and PA 12 into finished nylon tubing, covering the full production sequence from material feed through to haul-off and cutting.
