

Hydraulic road marking machine with Danfoss system

SKU: B24-ROA-0003

Category: Road Marking Machines

UNIT PRICE

\$2,116.40

SPECIFICATIONS

Lead Time (Days)	7
Quantity (Units)	1 - 1

DESCRIPTION

This road marking machine runs on a gasoline engine and uses a Danfoss hydraulic system to drive the line striper attachment, giving consistent paint flow and ground speed control on roads, car parks, and airfield aprons. The Danfoss hydraulic drive is a recognized specification in road marking equipment, offering precise output that suits both straight runs and layout work. Single-unit orders are accepted with a 7-day lead time from order confirmation. Builders24 sells, distributes, provides customs clearance services and delivers to South Africa, Zambia, Angola, Zimbabwe, Mozambique, Botswana, DRC, Eswatini, Lesotho, Madagascar, Malawi, Mauritius, Namibia, Tanzania, Uganda, Nigeria, and Kenya.

KEY FEATURES

- This road marking machine runs on a gasoline engine and uses a Danfoss hydraulic system to drive the line striper attachment, giving consistent paint flow and ground speed control on roads, car parks, and airfield aprons.
