

Trailed asphalt crack sealing machine, 500L

SKU: B24-ROA-0004

Category: Road Sealing Machines

UNIT PRICE

\$5,330.00

SPECIFICATIONS

Quantity (Sets)	1 - 1
Lead Time (Days)	10

DESCRIPTION

This trailed crack sealing machine carries a 500-litre melting kettle and is towed behind a vehicle, freeing up crew to work as it moves along the road surface. It melts and applies bitumen-based sealant directly into cracks on asphalt and concrete pavements, stopping water ingress that leads to pothole formation. Single-unit orders are accepted with a lead time of approximately 10 days from order confirmation. Builders24 sells, distributes, provides customs clearance services and delivers to South Africa, Zambia, Angola, Zimbabwe, Mozambique, Botswana, DRC, Eswatini, Lesotho, Madagascar, Malawi, Mauritius, Namibia, Tanzania, Uganda, Nigeria, and Kenya.

KEY FEATURES

- This trailed crack sealing machine carries a 500-litre melting kettle and is towed behind a vehicle, freeing up crew to work as it moves along the road surface.
- It melts and applies bitumen-based sealant directly into cracks on asphalt and concrete pavements, stopping water ingress that leads to pothole formation.
