

Dual drum vibratory road roller for asphalt and soil

SKU: B24-ROA-0005

Category: Road Roller

UNIT PRICE

\$1,430.00

SPECIFICATIONS

Quantity (Sets)	1 - 1
Lead Time (Days)	5

DESCRIPTION

This dual drum vibratory roller is built for compacting asphalt surfaces and soil on road construction, trench backfill, and civil engineering projects. The twin-drum configuration delivers even compaction force across the full drum width, making it suited to both granular soils and bituminous layers. Minimum order quantity is 1 unit, with a lead time of 5 days from order confirmation. Builders24 sells, distributes, provides customs clearance services and delivers to South Africa, Zambia, Angola, Zimbabwe, Mozambique, Botswana, DRC, Eswatini, Lesotho, Madagascar, Malawi, Mauritius, Namibia, Tanzania, Uganda, Nigeria, and Kenya.

KEY FEATURES

- This dual drum vibratory roller is built for compacting asphalt surfaces and soil on road construction, trench backfill, and civil engineering projects.
- The twin-drum configuration delivers even compaction force across the full drum width, making it suited to both granular soils and bituminous layers.
