DESCRIPTION

This hot melt road marking machine handles thermoplastic paint application for road lanes, pedestrian crossings, and highway markings. It runs on a 5.5 HP engine with PLC, gearbox, and bearing as core components, and measures 1360 x 850 x 1070 mm at 235 kg — compact enough for small crews without sacrificing output. The unit ships with a machinery test report and video inspection record, and carries a one-year warranty. Available as a single-unit order with a minimum quantity of one. Builders24 sells, distributes, provides customs clearance services and delivers to South Africa, Zambia, Angola, Zimbabwe, Mozambique, Botswana, DRC, Eswatini, Lesotho, Madagascar, Malawi, Mauritius, Namibia, Tanzania, Uganda, Nigeria, and Kenya.
