

Hot melt thermoplastic road marking machine, small type

SKU: B24-ROA-0014

Category: Road Marking Machines

UNIT PRICE

\$2,600.00

SPECIFICATIONS

Quantity (Sets)	1 - 10
Lead Time (Days)	7

DESCRIPTION

This small-type hot melt road marking machine heats and sprays thermoplastic paint to lay clear, reflective line markings on highways, roads, and parking areas. The spraying mechanism handles thermoplastic compounds that bond durably to asphalt and concrete surfaces, with reflective glass bead integration for night visibility. Minimum order quantity is 1 unit, with a lead time of 7 days. Suited to road construction crews and civil contractors needing a compact, mobile marking solution. Builders24 sells, distributes, provides customs clearance services and delivers to South Africa, Zambia, Angola, Zimbabwe, Mozambique, Botswana, DRC, Eswatini, Lesotho, Madagascar, Malawi, Mauritius, Namibia, Tanzania, Uganda, Nigeria, and Kenya.

KEY FEATURES

- This small-type hot melt road marking machine heats and sprays thermoplastic paint to lay clear, reflective line markings on highways, roads, and parking areas.
