

C/U channel roll forming machine for slotted strut

SKU: B24-STE-0001

Category: Steel Frame & Purlin Machines

UNIT PRICE

\$26,000.00

SPECIFICATIONS

Quantity (Sets)	1 - 1
Lead Time (Days)	99

DESCRIPTION

This machine roll forms steel coil into slotted C and U strut channel profiles used in cable tray, pipe support, and structural framing applications. It handles both C and U channel profiles in a single production line, making it suited to manufacturers who supply the construction and electrical installation sectors. Minimum order is 1 unit with a lead time of approximately 99 days from order confirmation. Builders24 sells, distributes, provides customs clearance services and delivers to South Africa, Zambia, Angola, Zimbabwe, Mozambique, Botswana, DRC, Eswatini, Lesotho, Madagascar, Malawi, Mauritius, Namibia, Tanzania, Uganda, Nigeria, and Kenya.

KEY FEATURES

- This machine roll forms steel coil into slotted C and U strut channel profiles used in cable tray, pipe support, and structural framing applications.
- It handles both C and U channel profiles in a single production line, making it suited to manufacturers who supply the construction and electrical installation sectors.
